

Job Description

Camp Nurse

Since 1902, Surprise Lake Camp has provided a haven for children in the beautiful mountains of Cold Spring, NY. What makes SLC special is the beauty of the site, the richness of the people and the program, the sense of history and tradition, and the magic we create when all of these elements come together. We blend a commitment to traditional, rustic camp experiences with state-of-the-art recreational facilities and are particularly proud of our open, inclusive community that is sensitive to the needs of interfaith and diverse families.

We are seeking Registered Nurses, ideally with significant experience in pediatric nursing, school nursing and / or camp nursing, as part of our summer camp team. The position begins in mid-June and lasts through the third week in August. The position includes full room and board as well as the possibility for your children to attend camp at a reduced tuition.

Requirements

- A valid nursing license;
- Experience working in a camp or comparable setting;
- Excellent communications skills;
- Excellent organizational skills.

Responsibilities

- Supervised by and responsible to Health Director/Head Nurse;
- Review camper medical forms;
- Perform initial screening for campers and staff;
- Examine campers and staff during clinic hours;
- Distribute medication to campers in accordance with standing orders of physician;
- Provide emergency care and nursing services;
- Participate in day shifts and night coverage at Health Center;
- Help supervise Health Center aides;
- Attend Health Center staff meetings and general staff meetings as needed;
- Remain on call when not in Health Center;
- Accompany campers to doctors' offices and hospitals as needed;
- Conduct accident investigations and complete accident investigation forms;
- Help maintain Health Center facilities, equipment and supplies.

Candidates should submit a cover letter and resume to Sheryl Kirschenbaum, Camp Director, at sheryl@supriselake.org.
